Political Navy Yards to Come in For Investigation.  
International News Service.  
WASHINGTON, Jan. 18.—Political scandal alleged to be connected with preparedness expenditures will be thoroughly aired before the administration national defense program receives republican votes to put it through the house. A complete probe of conditions in the so-called "political navy yards" is to precede action on the naval appropriation bill in the house naval affairs committee.

**Grave charges of "political influence"** used to dictate the course of the navy department regarding the Charleston, S. C. yard have been made in the committee and they will be thoroughly probed.

**RUPTURE—We have a cure for Rupture** without resorting to a painful operation. We are the only reputable physicians in this line of work who will take such cases on a guarantee. You may deposit a draft in the First National Bank, or your Bank, instructing them to draft in the First National Bank, or your Bank, instructing them to place same to our account after you have been cured. If I do not cure you are absolutely certain of a cure. If we were not perfectly sure of our work we could not do business in this way very long. We have adopted this plan because so many have been swindled by quacks and fakers. Not one of them will permit a patient to deposit his money until a cure has been made.

**When taking our treatment, patients must** come to our office once each week, and if they live nearby can return home and work during the intervals. WE DO NOT USE THE PARAFFIN WAX TREATMENT, AS IT IS DANGEROUS.

**There is no pain accompanied to our** treatment and we will also give you a written guarantee if at any time in your life you should ever be bothered in any way, shape or form whatsoever of Rupture, we will treat you absolutely free of charge. In other words this gives you insurance the balance of your life against Rupture. Our fees are within the reach of every man and they are no more than you are willing and glad to pay for a cure.

**EVERY DAY SOMEONE DIES FROM STRANGULATION HERNIA OR RUPTURE.** Don't run the risk of a surgical operation, for every time a patient takes an anesthetic for a surgical operation, he is taking his life in his own hands.

**Again, if**
